Bus Routes - 2017-2018

With registration moving completely online this year, there will no longer be an Onsite Registration Day for parents to meet with Kobussen representatives in regards to busing for the upcoming school year. Instead, an online form has been added to the online registration process, which will allow parents to request busing changes. As in previous years, every effort will be made to maintain our students' current bus drivers, routes and stops. Parents may use the online registration process to request special busing such as to a babysitter, daycare, etc. and to submit the *Alternative Visual Confirmation* forms for students under the age of eight.

- August 18 - Preliminary routes will be uploaded to Skyward Family Access and can be viewed
- August 25 (on or before) - The Kobussen terminal will mail out letters to all parents with busing information for the 2017-2018 school year
- August 26 - 31 - An minor changes to accommodate new students will be made to Skyward Family Access and parents will be reminded to check busing information before the first day of school.
