

Social Awareness

- I use perspective taking to build empathy and predict how my own behavior impacts the emotions of others.
- I appreciate diversity and build relationships by recognizing multiple points of view across cultural and social groups.
- I identify my role in my family and community and how my roles impact my identity.
- I identify and respect social norms for behavior to have safe interactions across settings.

The ability to adopt the perspective of other people and to empathize with other people from diverse backgrounds and cultures. A person who is socially aware understands social and ethical norms for behavior and recognizes family, school, and community resources and support.
