

## SUPPORT SERVICES GOALS

Support services are essential to the successful operation of the District. Management of auxiliary operations shall, therefore, be considered an important responsibility of the administration. It should be remembered, however, that education is the District's primary function and that all support services shall be provided, guided and evaluated by this commitment.

In order to provide support services that are truly supportive of the educational program, the Board establishes these goals:

1. To provide a physical environment for teaching and learning that is safe and pleasant for students, staff and the public.
2. To provide for safe transportation of students to and from school.
3. To provide support services that fulfill the needs of the educational program.
