

**LOCKER ROOM/RESTROOM PRIVACY**

The District shall observe measures intended to protect the privacy rights of individuals using school locker rooms and/or restrooms. The following provisions outline the extent to which that protection can and will be provided.

- 1) Locker rooms are provided for the use of physical education students, athletes and other activity groups and individuals authorized by the principal or by District policy. For the purpose of this policy, a locker room will include classrooms or other spaces that are temporarily or permanently assigned as a location for individuals to change clothes or get dressed.
- 2) No one will be permitted to enter into the locker room or remain in the locker room to interview or seek information from an individual in the locker room when students are present. In the event that students are present in the locker room, such interviews may take place outside of the locker room consistent with applicable District policies and/or school rules.
- 3) No phones, cameras, video recorders or other devices that can be used to record or transfer images may be used in the locker room and/or restrooms for any purpose (i.e. making a phone call, listening to music, etc.) at any time. These devices should be stored and out of sight.
- 4) No person may use a cell phone, tablet computer, or any other device to capture, record or transfer a representation of a nude or partially nude person in the locker room and/or restrooms or to take any other photo or video image of a person in the locker room and/or restrooms.

Students and staff violating this policy shall be subject to school disciplinary action and possible legal referral, if applicable. Other persons violating the policy may be subject to penalties outlined in state law. The principal or his/her designee shall be responsible for enforcing this policy.

**This policy shall be publicized annually and posted in each locker room and restroom in the district.**
