

SCHOOL - COMMUNITY RELATIONS GOALS

The Board believes that the public schools belong in every sense to the people, reflect the community they serve, and can never be any stronger than the public is willing and able to make them.

All business transactions of the Board and administrative decisions, except those which deal directly with confidential personnel or student information, shall be considered public in nature.

The Board feels that an informed public will be a supportive public, therefore, the Board will make every attempt to provide a flow of school information to the public through the various public and school media.
