## Congratulations to the Parkview High School Class of 2019!

Senior photos begin on page 7—graduation photos have been posted to the Parkview School District Facebook page

Congratulations to the Parkview Breakouts for making it to the Destination Imagination Globals. The team placed 27th out of 50 teams in their challenge. Left to right, Jenna Hume, Olivia Marcellus, Emily Kjelland, Bryson Kjelland, Bella Marcellus, Brooke Boyd and Sarah Task.

Congratulations to Isaac Morris on defending his state championship in the wheel chair shot put. His final throw of 24'11.5" won the event and tied a state record set in 2012. Isaac is the second Parkview athlete to win back to back state titles in track and field (Todd Phalin was the first in 1079 & 1980) Isaac set new personal records in both the 100m and 1600m wheel chair races and finished third in both events. He finished fourth in the 800m wheel chair race. He placed third in team scoring. The boys 4x100 finished off a great season with a 15th place finish at state. Congratulations to all!

## Parkview School District Registration 2019-2020

By Sue Draves

Beginning on July 22, 2019, families will be able to register their students for the upcoming school year by following the necessary steps online through their Family Access (Skyward) account. A tutorial is available on the website that can be used to help families complete all of the steps that are part of the online registration process. Online registration will have the same format as last year so hopefully most families will be familiar with the process.

In order to encourage families to register their students in a timely manner, the usual online payment fee of \$2.00 per transaction through RevTrak will again be waived during the registration period from July 22nd - August 9th.

Assistance with the online registration will be available on the following days at both schools:

- July 22nd - July 25th - 9:00 a.m. - 3:00 p.m.
  - July 29th - August 1st - 9:00 a.m. - 3:00 p.m.
  - August 5th - August 9th - 9:00 a.m. - 3:00 p.m.
- (After August 9th, please contact your building secretary to set-up a time to come in to get assistance).

For those that need assistance outside of our day time hours; we will have staff available at both schools on August 5th (Noon - 7 p.m.) We will have staff members help you register using computers provided by the district and will follow the exact same steps as families who register online at home or at another off-site location using their Family Access (Skyward) account.

## Parkview Youth Center

By Teena Gerber

Greetings and Salutations from the Parkview Youth Center!! Do you know how awesome our Parkview kids are? We do! We also know what a wonderful group of churches and community members and businesses that we have here in the Parkview School District. The youth center is 100% volunteer and donation driven. Thanks to the area churches and community, we have received quite a few donations and our fundraisers are well supported. The love and support from these churches and our community has been generous and a huge blessing for the Parkview youth. We are forever grateful to those who have already donated money, items, and their time to make the youth center run. Thank you for supporting Parkview's teens!

The Parkview Youth Center opened its door at Orfordville Lutheran Church on September 6, 2018. We currently average 12-14 students each Thursday from 3-6 p.m. Each week, the youth receive a meal, enjoy planned activities such as making slime, singing Karaoke, making door decorations for the residents of the Next Inning, arts and crafts projects, planting flowers, playing lots of games and having good times with friends in a safe and supervised environment.

We want the Parkview Youth Center to be open for the 2019-2020 school year. In order to do this, we will need adult support, talents, time, and donations. The center will be in need of the following:

- Volunteers to work with the teens, either supervising or leading an activity
- Volunteers who would be willing to provide a light meal or heavy snack each week
- Donations of non-perishable snacks/drinks
- Monetary donations to go towards any of the above and activities/projects

If you have questions about the youth center or want to volunteer/donate, please call Teena Gerber at 608-295-3345 or Lisa Nyman at 608-289-3378 (You must pass a background check and attend a youth protection training to volunteer).

Donna Nolan retired after many years with the District

## Parkview says Goodbye to those Retiring

Parkview School District wishes a happy retirement to the following staff members who are retiring: Nancy Carlson, Diane Holtz, Donna Nolan and Sharon Plantikow. Nancy is pictured above her final "Food for Thought" column in the next column on this page; Donna is pictured above at the District End of Year Celebration with a gift from her fellow custodial staff. Sharon is pictured in column three with her fellow PES food service workers. Diane is also pictured in column three.

Thank you to all of you for all you have done for the District, you will be missed!

Nancy Carlson

## Food for Thought

By Nancy Carlson

This will be my last article on "Food For Thought." After 32 years I have decided to retire. With that investment in time to the District's Food Service I shall take liberty to share with you the journey we have taken.

The journey started in March of 1987 when Donna Nolan (also retiring this year) transferred to custodian and left an opening in the Food Service Department I had been subbing for 3 years in the District in food service, as a secretary and as an instructional assistant prior to the time the full time position opened. I started at the high school and then went to Footville Elementary as a cook.

For a time the program was run by a management company, but that was short-lived. With the guidance of one of my mentors, District Administrator Don Albright, we took the program back and I became the Food Service Coordinator. "Back in the Day" we would prepare all the food at PHS and two transport vehicles would transfer and serve the meals at Newark, Orfordville Elementary and Footville grade schools. The staff would return to PHS after serving, unload, clean up and prep for the next day's deliveries. At that time we had ten full time cooks, no computers and used lunch tickets. A big hit was the homemade bread we made three times a week.

The District then decided to remodel buildings and invest in our kitchens. Each school's kitchen was remodeled and from that time on food was prepared and served at each school. Life was pretty simple then, while sanitation/cleanliness was monitored closely, nutritional guidelines, portion controls and record keeping were not that regulated. All our fruits and vegetables were canned so sodium and sugar were a non-issue.

Today we use mainly fresh fruits and vegetables with some frozen items. Our "Farm to School" program is a wonderful addition for the District as is the "Breakfast" program at both schools.

Currently we must comply with the State of Wisconsin restaurant food and safety regulations. We are inspected twice a year by the County Health Department and have DPI reviews every three years. The preparation for the inspections, reviews and annual reporting have become very intense. Daily record keeping of operations such as prep temps, transportation temps and serving temps, whole grain, milk, sodium, caloric count and sugar consumption are all part of the reporting requirements so we maintain eligibility for Federal food service reimbursement. All ala carte offerings must meet the mandated "Smart

(Continued in column 3)

## Food for Thought (Continued from column 2)

Snack" approval requirements. These are just a few of the changes that have taken place over the years that have had a huge positive impact on our programs nutritional standards and resulted in a much improved product for our students.

Some of you may be aware that my husband is a 1966 PHS graduate; I have a son who graduated in 1990 and a daughter in 1995. I've also had (7) nephews and (1) niece graduate from Parkview. Now I'm going to show my age, as I have one granddaughter who graduated two years ago, another one graduating this year, a grandson in 1<sup>st</sup> grade at PES and a granddaughter in 9<sup>th</sup> grade at PHS. I also have (3) grandchildren in the Janesville district and (1) at Turner. As you can see this district is in my blood and has been for many years.

I can't thank my staff and co-workers enough for their wonderful support and friendship. They truly are the roots of this successful program. The best part is the continued friendships and respect I have for current and past employees and the memories we have created through the years.

Several people have asked what we plan to do in retirement. Top priority is family/grandkids. We also plan to spend time in our second favorite place, the Florida Keys, when not at home in Newark.

Again, many thanks to each of you that have supported the food service program over the years. Thank you to the Parkview School District for allowing me the opportunity to hold this position and work with the many talented and dedicated people who followed the Food Service Department's mission and goals for a successful operation. I'm especially grateful to students who are past graduates that share compliments and memories. I wish good luck to the program and hope that the future managers invest the care, commitment and goodwill to the program that our Parkview students and staff deserve.

PES art teacher Carla Gilbert with L-R: Owen Steinke, (2nd grade & 2nd place) Kyla Lloyd (5th grade & 1st place) and Maria Baes (2nd grade & 3rd place). The students won awards at the April in Paris festival art show in Orfordville in April.

## PE Grant

PES 4<sup>th</sup> graders used Makey Makey kits purchased with the grant received from Carol Aulbaugh last fall to integrate STEM (Science, Technology, Engineering and Mathematics) into physical education classes. Each group of three students brainstormed an idea for a project that included PE equipment, other ordinary objects and a Makey Makey kit. Their creations counted baskets made, field goals made in hockey and other items. They turned ordinary objects into counters or game boards. The students worked on their projects for three weeks and then presented them to their classroom teachers, Mr. Greco and Mr. Lutzke, who asked the students questions and tried some of the devices out.

Students who worked on the coloring book together, Ms. Kultgen and Ms. Gilbert, the District's two art teachers collaborated on this project to bring high school and grade school students together for a project

## Orfordville Coloring Books

By Lauren Kultgen

Parkview students got together to make a coloring book of significant buildings in Orfordville. The High School's spring photography class went out and photographed a variety of buildings in Orfordville. After this, the high school students worked with Mrs. Harnack's 3<sup>rd</sup> grade class. They met during art class and practiced drawing different architecture from the buildings that were photographed. The 3<sup>rd</sup> grade students worked independently to create borders and make a final drawing of the Orfordville building that they chose. The high school students organized the final drawings, created a cover and bound the drawings for the coloring book. All of the Parkview students who worked on the coloring book met up for a book exchange.

Demonstrating to Mrs. Lutzke how this device counts the number of free throws made. The basketball is wrapped in foil and had to make contact with the foil in the net to count the basket.

This device counted the number of hockey goals made—the foil-wrapped puck had to hit the foil covered goal for it to count.

Mr. Greco tries out one of the students' creations—it counts the hits when you hit the foil square

### Greenhouse (Continued from column 1)

The guidance of Audra Kerns from Ahren's Acres was much appreciated by Mr. Sattler and his students as they started this new venture. The group would also like to thank the following supporters: Parkview FFA Alumni, Burtness Chevrolet, Rock County Ag Business Council, Ryan Farm Quarries and all community members who purchased bricks for the greenhouse. The bricks will be installed this summer. They would also like to thank all the community members who purchased plants.

## Parkview Greenhouse has Successful First Season

The Parkview horticulture class and FFA members planned and started many annuals, vegetables and perennials as well as hanging baskets. They held a plant sale in early May and sold almost all of the plants.

The students learned a great deal about growing plants and enjoyed working in the greenhouse.

The first year provided a learning experience to judge what plants are the best sellers to help guide decisions on what to plant in the future.

**3. GRADE LEVEL/DEPARTMENT SHOWCASE:** Introduced by PHS Principal Mary Stelter

3.1 English Department: Jamie McSherry, Guy Stricker, and Summer McMahon presented the Students of the Month and reviewed for the Board and audience the recent activities and programs that they are utilizing in their curriculum. A new writing program is being used in the Junior High School to help encourage and improve writing skills. Students are building “stuff” in Mr. Sticker’s classes to enhance and explain their interpretation of what they have been reading about. Ms. McMahon is working with U.W. Oshkosh for college level credits for her students. Progress is being made to better prepare our students for life after high school.

**4. RECOGNITION OF STUDENT(S) OF THE MONTH:** Introduced by the English teachers.: 7th grade-Jazmyn Weider, nominated by Jamie McSherry; 8th grade-Tyler Kersten, nominated by Jamie McSherry; 9th grade-Hannah Engel nominated by Guy Stricker; 10th grade-Bryson Lyons nominated by Guy Stricker; 11th grade-Remy Stark nominated by Summer McMahon; 12th grade-Ava Dodge nominated by Summer McMahon.

A hearty round of applause was extended to all the Students and their families for their extra efforts in becoming a ‘Student of the Month’.

### 5. DISCUSS/ACTION REGARDING BOARD VACANCY CAUSED BY THE RESIGNATION OF JASON AUGUSTINE

**Dr. Lutzke** had provided the Board with a letter of interest from district resident Tina Suiter-Meyers, who has been attending Board meetings, committee meetings and participating in discussions regarding district affairs. Her name was on the recent April ballot, but she did not receive enough votes to be elected to the Board at that time. Dr. Lutzke informed the Board that Ms. Suiter-Meyers was the only applicant to submit a letter of interest and that Board might consider her to fill the Board vacancy caused by the resignation of Jason Augustine. Discussion followed. **Motion** by Jennie Krajeck, 2nd by Chuck Hagmann to: Appoint Tina Suiter-Meyers as a Board of Education Member to replace Jason Augustine. All in favor voted “Aye”, none opposed, **Motion Carried 6-0.**

14.1 Discuss/Action Regarding International Field Trip Opportunity - June 2021: Parkview Social Studies Teacher, Teri Peterson, presented a proposal to the Board for a field trip abroad in the summer of 2021. The 10 day trip to London, Paris and Barcelona would be available to students in the graduating classes of 2022-2024. She is working with the EF - Education First Tour Company to schedule a trip for about twenty students. Fund raising and other donations would be needed to cover the cost of \$4,109.00 per student. Details about the trip were included. Discussion followed over funding, security, insurance, chaperones, meals, and the itinerary. See her proposal. **Motion** by Jennie Krajeck, 2nd by Zach Knutson to: Approve the Proposal to allow Teri Peterson to Pursue the Field Trip. All in favor votes "Aye", none opposed, **Motion Carried 7-0.**

15. **DIRECTOR OF BUILDINGS & GROUNDS REPORT:** Jeff Lund provided a written report. There were no questions concerning his report, and he moved on to the Action Item below.

15.1 Discuss/Action on Security Camera Project: Four vendors responded to the request for bids and Jeff has been working to select the company that can deliver what we want at a price we can afford. TC Networks has a viable bid and offers the support we are looking for. The \$36,000.00 is now budgeted for this project, with some additional funding coming available next month. Discussion followed over number and type of cameras being placed and their coverage areas, along with cost, compatibility and maintenance of the equipment. Motion by Jennie Krajeck, 2nd by Don Bomkamp to: Accept the Bid from TC Networks not to exceed \$41,137.68. All in favor votes "Aye", none opposed, **Motion Carried 7-0.**

16. **BUSINESS MANAGER'S REPORT:** Tracy Case provided a written report and deferred to the Discussion/Action Items below:

16.1 Discuss/Action on 2019-2020 Health Insurance Renewal: Tracy provided a brief review of the potential Health Insurance options available to the District for the 2019-2020 school year. Discussion followed over keeping the same coverage and health care providers vs changing providers to save a little money. ITEM TABLED WITHOUT ACTION pending further review.

16.2 Discuss/Action on 2019-2020 HSA Contribution Amount: Tracy provided a brief review of the existing HSA (Health Savings Account) plan, and detailed options to increase the amounts provided to employees based on their health insurance coverage. With the Health Insurance plan being reviewed, the HSA Contribution Amount may vary. ITEM TABLED WITHOUT ACTION pending further review, and outcome of the Insurance Coverage.

16.3 Discuss/Action on 2019-2020 Dental Contribution Amounts: Tracy provided the figures currently in place for the 'self-funded' dental plan for district employees, and recommended that the current rates be maintained for the 2019-2020 school year, as they were found to be adequate for the current year. Discussion followed over program management and claim payments. **Motion** by Dianne Myhre, 2nd by Zach Knutson to Approve the Recommendation to Maintain the current \$30.00 annual contribution for single coverage and the \$80.00 annual contribution for employee family coverage amounts for the 2019-2020 school year. Board of Education Clerk

Miss Sarah working with students on their ocean creature project

**"Library Lady"**

Sarah Strunz, Director of the Orfordville Public Library led a session during the End of Year Celebration at PES. She explained the summer reading program at the Orfordville Public Library this summer to the students. Since it's the 50<sup>th</sup> anniversary of man walking on the moon, space is the theme this year; "A Universe of Stories." She had posters on display that may be won by students if they read a certain number of hours over the summer.

There is also a contest to find "Archie the Alien" each week. Clues are posted on the Library page and when kids find him they take a slip of paper that is displayed with him, fill it out and drop it off at the Library for a treat and an entry into a drawing at the end of the contest. "Miss Sarah" talked about the activities going on at the Library for kids throughout the summer and the reading contest.

She also had the students make paper artwork for *The Ocean Challenge – Students Rebuild* project. The students make ocean creatures and they are displayed at the Shedd Aquarium in Chicago on July 24, 2019. "For each piece of artwork sent the Bezos Family Foundation will donate \$2 (up to \$500K) toward youth-focused ocean conservation and restoration efforts in coastal communities, helping to increase awareness, provide jobs and build community resilience." (From the *Ocean Challenge, Student Rebuild* website)

**Fourth Grade Science Project**

By Kathy Heider

Marleigh Kamppi is shown on the next page wearing her t-shirt that all fourth graders made in science class and then wore for their field trip to Madison. The photo below shows some of the students wearing the shirts as they play kick ball. Many of the fourth graders wore their "class t-shirt" for the end of the year celebration and the unique t-shirts made them easy to spot. The students designed their t-shirts with Sharpies and then put the design over paper cups and dropped rubbing alcohol on them a drop at a time to make the design spread.

Ms. White and Mrs. Lutzke explained how the kids did the t-shirt and I checked the internet for directions and found this, if you want to try it at home.
