2020 Hall of Fame inductees, L-R: Nikki Wells, Sarah Freitag & Leon Klusmeyer

Parkview Athletic Hall of Fame 2020

The 2020 Athletic Hall of Fame induction was held on Friday, February 7. Three new members were inducted into the Hall of Fame, Nikki (Wells) Burrell, Sara (Hartin) Freitag and Leon Klusmeyer.

Nikki Burrell was inducted for her distinguished service. Burrell was a 1995 graduate who participated in basketball, volleyball and track & field. She was named team captain in basketball, volleyball and track & field, was amember of the 1992 regional title team in basketball, name second team all-conference in both basketball and volleyball and a track & field sectional qualifier. She was awarded the Distinguished Service award for proposing and helping implement the spotlight introductions used at home basketball games. She proposed it in 2017 and it's been used ever since, with Burrell announcing the players.

Sara Freitag was a 1992 graduate. She was a two-time all-conference and all-area selection, 1992 Conference Player of the Year, Beloit Daily News All-Area Player of the Year, All-State Honorable Mention (92) WBCA All-Star team member (92), three-time letter winner, two-time team MVP, member of two regional title teams and one conference title team in basketball. In softball Freitag was a two-time letter winner, two-time all-conference selection and a member of the 1992 conference title team. She was also letter winner in volleyball and cross country and the 1992 Parkview Female Athlete of the Year.

Leon Klusmeyer was a 1983 graduate. He was a two-time Individual State Meet qualifier, finished second at state as a junior and third at state as a senior, won one Individual Sectional title, two Individual Conference titles, member of one Conference title team, team MVP, team most-improved twice and a three time letter winner in wrestling. He went on to wrestle at UW-Whitewater. He was also a member of the 1980 WIAA State Meet track team, member of one Sectional title team, member of two Conference title teams and a four-time letter winner in track. He was named most improved as a sophomore and a three-time letter winner in football.

Parkview wrestlers advance to Sectionals. These seven wrestlers advanced to the Sectional wrestling tournament. Those in front placed first at Regionals. L-R: Ian Suer, Wyatt Egan, Korben Brown & Luke Schwengels. Those in the back row placed second, Gage Everson, DJ Sickels and TJ Pulaski. Korben Brown placed second at Sectionals on February 22 and will be going to State!

April 7 Parkview Referendum will not Increase the School Portion of the Property Tax

By Steve Lutzke, District Administrator

The April 7 Parkview Referendum will not increase the school portion of the property tax because the 2017-2020 referendum (checkered section of bar graph on page 2) is expiring. Also, in 2018 and 2019 the District prepaid some of the interest (white section of bar graph) from the 2014 building referendum.

As the graph on page 2 shows, even with the proposed April 7 referendum (dashed section of bar graph), the school tax (mill) rate will continue to drop in 2020-21, 2021-22 and 2022-23.

The black portion of the graph represents the general operating school tax (mill) rate. This is the portion of the tax that is set by the State. The gray portion of each bar represents the portion of the tax for the 2014 building referendum.

The funds requested in the April 7 referendum will be used for student and staff computers and interactive technology, highly effective curriculum materials, educational programming, bussing, and costs associated with recruiting and retaining

(Continued on page 2, column 1)

ACT Test is March 3

The ACT test date for all juniors is Tuesday, March 3. *It is very important that all juniors are in attendance on this date.* Please avoid making any dentist/doctor appointments, driving test, family vacation plans, etc. so that all juniors are present on time and for the entire test. Juniors will be released upon completion of the exam.

Child Development Days

Child Development Days and Kindergarten registration will take place March 5 and 6 at PES. Packets were mailed on February 10. If you didn't receive a packet and you have a child from 0-4 please contact Mary Jo at 608-879-2956 to have a packet sent to you. There are also flyers in businesses in the communities.

Referendum *(continued from page 1)*

high quality staff. Computers and interactive technology are essential for preparing our students for a highly sophisticated work force. Quality curriculum materials are a key ingredient to helping all students achieve to their potential. An example of educational programming is the ACT prep materials that the District provides for all high school students to help them be successful on the very important ACT college entrance exam. Student bussing is a very big expense for the District. For example, the District's bus contract increased by \$70,000 for 2019-20 and will increase an additional \$16,000 per year for the following four years. Lastly, the District has to keep our salaries and benefits for our staff competitive with surrounding districts in order to retain our current employees and attract new employees.

Student of the Month

February students of the month were chosen by the Art and Spanish Departments.

7th grader Katie Klassy

I haven't even had Katie Klassy in any Spanish classes, but her personality, compassion and work ethic has impressed even in study hall. She is always positive and focused. So far in this school year I have observed her encouraging and helping others over a hundred times. She's going to go very far in her life and help others along the way.

8th grader Bowen Kopp

When Bowen is not on the basketball court working on his free throw, he enjoys going to Art Club on Mondays after school. Bowen enjoys exploring a variety of art materials and skills. He makes sure everyone feels welcome and appreciated.

9th grader Tyler Kersten

Tyler Kersten is a very diligent student with an outstanding attitude that is contagious. He asks specific questions that expand learning for the whole class. He always volunteers to help in class and is also very polite outside of class. I can tell he's not doing any of this for a grade, but because he is intrinsically a good person.

10th grader Brynn Menke

Brynn Menke goes beyond any student I've had; in both academics and attitude. She makes so many people around her happy with her bright outlook and supportive nature. It is such a privilege to have her in my classes and I know that she will make a big difference in the world.

11th grader Zoe Buster

Zoe has caught a bug - the travel bug! Having recently returned from a trip to Mexico, she took advantage of the unique photo opportunities and built upon her photography skills. Zoe's positive attitude and creativity are appreciated in the Art room.

12th grader Ben Calkins

Not only does Ben Calkins have his own iron forge at home which is unusual for a high schooler to have, but he is also very interested in the Medieval time period. His artwork is influenced by these two interests. Ben enjoys drawing and creating projects out of clay.

Band Parents Changing Name and Focus in 2021

Band Parents Booster Group is becoming the Music Boosters starting in the 20-21 school year! We are here to support band AND choir students during their musical careers at Parkview. In 2021, excited junior and senior high students will head to Disney to attend workshops and display their talents.

The Music Booster group wants to help and so can you! We have a couple fundraisers coming up, so get out your calendars and mark these down. On April 17 at the Orfordville American Legion Hall we will be hosting a Meat & Basket Raffle. On May 17, support us by eating at MOD pizza in Janesville. And don't forget our annual "BandCake" Breakfast coming on February 29 at the high school, which supports our music scholarships.

Middle School Forensics

By Jamie McSherry

Middle School Forensics isn't just about giving speeches. Students may participate in a variety of fun ways including the following: original skit, radio broadcasting, poetry (original or otherwise), reader's theater, demonstration speech, and much more. Most of those things can be done alone, with a partner, or with a small group. The Middle School Forensics team has been busy practicing their pieces as this year we will be hosting the conference competition on Thursday, March 12 from 4:00. to 7:00 p.m. at the JR/SR High.

The goal of Junior High Forensics is to introduce students to the activity and demonstrate that it is a fun and valuable experience. At the middle school level, forensics is designed to be low stress, but that doesn't mean there won't be any nervousness or excitement! Best of luck to the 6th, 7th, and 8th graders participating this year!

Elementary Music Programs

The third and fourth grade music program and art show will take place on Thursday, March 5 at 1:30 and 6:30 p.m. in the PES gym.

The Kindergarten music program will take place on Thursday, April 2 at 2:00 and 6:30 p.m. in the PES gym.

On April 28 the fifth and sixth grade music program and art show will take place at 1:30 and 6:30 p.m.

Staff Profiles

Mary Jo Lavery is the Elementary School secretary. Mary Jo has worked for the district for twenty years, with the last twelve as the elementary secretary.

In her spare time Mary Jo enjoys camping, horseback riding and playing with her grandkids; Leo who is five and Fiona who is three.

Mary Jo said, "I love working here because I get to do what I love to do...and that is being around children. I also have some pretty amazing staff members that makes my job enjoyable."

Jamie McSherry

This is my 15th year of teaching English at Parkview Jr. High. I advise Junior High Forensics, Junior High Student Council, and I organize the 7th and 8th grade Spelling Bee. I also work at many home basketball and volleyball events keeping the scorebook. Before coming to Parkview, I taught for three years at an alternative school in La Crosse, WI and spent two or so years substitute teaching.

I reside with my husband, Mark, in Belleville. We've been married for six years, but we had our first date the same week I was hired at Parkview 15 years ago. I have four stepchildren: Scott is a senior at Whitewater, Patrick is a junior at UW-Milwaukee, Molli is finishing her 2nd year at Madison College, and Mason is a Junior at Belleville

Staff Profiles (Continued from column 2)

High School. My husband owns a bowling alley, so bowling has become one of my hobbies. I try to bowl in a couple of leagues during the winter. In the summer I enjoy sailing with my husband on Lake Mendota, going to music festivals, catching up with friends and family, and reading books for fun.

The things I enjoy about working at Parkview are the staff, students, community, and opportunities. First, the staff (and I mean everyone employed here, not just teachers) is friendly, caring, fun, and always willing to help out! Second, working in a district this size really gives me a chance to get to know students, their families, and the community; and I've met a lot of really great people. Finally, Parkview has done an outstanding job with keeping up with the latest and greatest educational trends and technological advances. The conferences, workshops, and trainings I have been able to participate in over the years have been invaluable to me. Thank you, Parkview!

Counselor Corner

March 2020

By Lisa Kempthorne, Parkview JR/SR High School Counselor

Let's talk tech...and the reality:

- 84% of cell phone users claim they could not go a single day without their device.
- 67% of cell phone owners check their phone for messages, alerts, or calls — even when they don't notice their phone ringing or vibrating.
- Studies indicate some mobile device owners check their devices every 6.5 minutes.
- 88% of U.S. consumers use mobile devices as a second screen even while watching television.
- Almost half of cell owners have slept with their phone next to their bed because they wanted to make sure they didn't miss calls.
- Traditional TV viewing eats up over six days (144 hours, 54 minutes) worth of time per month.
- Some researchers have begun labeling "cell phone checking" as the new yawn because of its contagious nature.

Quality time spent with family is critical, especially if you have children who are still developing socially, emotionally, mentally and physically. Focused family time increases the likelihood your children will be more confident, communicative and successful in school and in life.

We ask parents to support **'family tech breaks'** at home to encourage and create **stronger** and **healthier** family bonds; these bonds are the foundation of successful children, who require positive coping skills, strategies and a degree of resiliency to live a happy and fulfilling life in a 21st century society saturated with complexity, unique demands and influences which impact their mental health and emotional well-being.

Here are some meaningful ways you can reconnect with the most important people in your life:

1. Kick off the day with a family ritual: Whether that ritual be 15 minutes of mindfulness or meditation or enjoying a relaxing breakfast together, unplugged from devices; it is the consistency and the quality time, that matters. In fact, studies show that families who eat one meal together have children who perform better in school.

(Continued in next column)

2. Reconnect with a family friend or relative: Think of someone you cherished years ago, yet only communicate with via Facebook or Texting? How about taking the time to make a plan to reunite with them? Meeting half way between your homes if necessary to have lunch, enjoy a weekend getaway? It will teach your children that a **personal** connection with those you love and care about, enhances the bond and contributes to happy and healthy relationships.

3. Sugar and spice and everything nice: A family that cooks together, laughs together! How about starting a family tradition? One day a week, one family member chooses their favorite or chosen meal, prepared by the entire family? There is a reason why family members and guests tend to congregate in the kitchen...it is the heart of the home!

4. Learn together. Take a jewelry making class together. Explore a local museum. Enroll in a community college course or workshop as a family. Learning and exploring together is the key to meaningful conversations and connections.

5. Give back, together: Donating your time as a family to a homeless shelter, a food pantry, a local nursing home, the humane society, your elderly neighbor who lives alone offers intrinsic rewards and an enterprising contribution to the common good; teaching your children to appreciate their life and experience the wonderful feeling of helping others, less fortunate.

Parkview Tech Integrators Present... Parent Tech Tips

"Skyward: Family Access"

By Kim Johnson, Parkview Tech Integrator

"Significant research over at least 25 years has demonstrated that family involvement is critical to the educational success of children." (Kniepkamp, 2005, p. 16) At Parkview, we value the partnership we have with our families. Together we can be a powerful team to support our students, and let's face it, they are worth it.

As parents and guardians, you may already be very involved attending your students' various activities and events, but are you using Skyward to keep tabs on their grades? All students in grades 7—12 have a student access login and can check their grades and progress at any time, but parents can also request a parent access login ID and password. If you do not already have access, you can contact Ann Buehl (abuehl@email.parkview.k12.wi.us) to request a parent access login ID and password. In the parent portal you will be able to access grades, missing assignments, attendance records, food service information and more. This access will give you the information you need to praise your students for their good progress and grades, start conversations about what they are learning in classes, or have those more difficult discussions about missing work and low scores to help them be more successful. At school, we encourage our students to frequently check their grades, but hope you are also reminding them at home to keep track of their grades as well.

With Family Access all parents will be able to do the following.

- **Online Registration** (beginning of each school year) -If you have more than one student all demographic information will autofill for each child so you will only have to enter it once.
- **Account Settings** -Determine which alerts you receive and how you are notified.
- **Food Service/Mobile Payments** -Keep track of money available in student accounts and make food service payments with your mobile device.
- **Check grades for students in grades 7—12.** -Get an up-to-date look at grades.
- **Push notifications** -Choose which information you wish to receive concerning missing assignments, graded assignments and messages sent to your devices of choice.
- **Conference Scheduler** -We are working (Continued in next column)

on getting this feature up and running for next school year.

To access your Skyward Family/Student Access portal, in the Parkview School District Web Page choose the Skyward link in the "PARENTS" tab. Here you will find the following message and a link to the family access login page.

"Skyward will allow you to access your child's attendance and your family food service account from the Internet at any time. You will be able to get information on a child's attendance or food service information by selecting the student at the top of the screen. In the attendance portion you will be able to see your child's attendance for the current or previous month. If the date is underlined, you can click on it and get additional detail for that day. You can see your child's attendance detail or a cumulative total of their attendance for the year. In the food service portion, you will be able to see your family's food service account. You will be able to see payments that have been posted to your account and see purchases by individual students."

You can also click this Skyward logo at the top of the Parkview School District web page to go directly to the login page.

Family Access Toolkit for Parents & Guardians

Skyward has their own informational website that includes a Family Access Toolkit for Parents & Guardians. At the top of this page Skyward states, *"You are the single most important factor in your child's education. With Family Access, you can play an even bigger role in the learning process."* The Family Access Toolkit includes a series of 60 second videos about each of the Skyward features listed earlier in this article. To access these videos, you scan the QR code above or use this shortened URL to go to the Toolkit. <http://bit.ly/38yAA4t>

"At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents." Jane D Hull, Governor of Arizona (1977-2003)

Spanish students sang the song Humble and Kind (by Tim McGraw) in Spanish on Friday, February 7. The song was videotaped and posted on the Parkview School District Facebook page. The students are rehearsing in these photos.

Mary Jo & Gene

Karen & Gene

Happy Birthday Gene

Gene Mathewson has been walking in the PES halls for the past several years. He usually walks on Friday mornings while his wife is getting her hair done. Mary Jo Lavery, PES secretary found out that Gene's 87th birthday was on February 16, so she and Karen Strandt-Conroy decided to have the students stand in the halls and sing happy birthday to him as he made his first lap on Friday, February 14. Karen walked around with him and said he received lots of greetings and hugs. He really enjoyed the birthday wishes from the PES students and staff.

One Hundred Days of School

PES kindergarten and first grade students celebrated the 100th day of school on February 7. Some of the students dressed as if they were 100 years old. All three first grade teachers dressed as if they were 100 years old, complete with walkers! After forming the 100 on the gym floor at the end of the SEL assembly they went to the cafeteria where they made shakes by stirring ice cream, flavorings, whipped cream and sprinkles 100 times to make a shake. Photos are to the left. According to their teachers the students really enjoyed the activities.

Destination Imagination

The nine Parkview Destination Imagination (DI) teams are busy working on the DI challenges for the Regional Competition on March 14 at the Delevan Darien High School.

L-R: Jenna Hume, Emily Kjelland, Sarah Task, Brooke Boyd, Allison Johnson, Olivia Marcellus & Bryson Kjelland

Parkview Breakouts, a secondary level team managed by Andrea Marcellus is doing the technical challenge. This team has been together since grade school with a few changes over the years.

Two Percent Milk, another secondary level team is managed by Darcy Toberman and Laurie Valley. They are doing the Improv challenge this year. This team has also been together for quite a few years. Not photo is available of this team.

Front, Cole McMahon, back, L-R: Ian Soderstrom, Colin Borntreger, Malachi Wendt, Michael Sanders & Bowen Kopp

Pertussaphobics is a middle level team managed by Karissa Wendt. They are doing the Scientific challenge.

Dinosaur Chicken Nug Nugs is a middle level team managed by Nikki Lutzke; they are doing the service-learning challenge. The team did the service part of their project in January and February and must present their project in a skit just like the other teams, so they had two parts to focus on. This team was pictured in the February issue of the Voice.

L-R: Sheri Montgomery, Sarah Pfluger, Cassius McMahon, Aryn Dolphin, Robert Ellis and Amelia Luttig

The Magical Neon Warriors is another middle level team managed by Laurie Jordan. They are doing the improv challenge. In improv the team has no backdrop or props. They have to prepare for their challenge by going over different possible topics and coming up with ideas. Team manager Laurie Jordan said it requires a lot of teamwork and creativity. At the competition they are given their topic and two minutes to come up with a skit.

Front, L-R: Kegan Steinke, Lacy Blazier Ayla Myhre, Back, L-R Evan Moriva, Kelon Wendt & Belden Moran. Missing from photo Faust Harris

Czechoslovakian Hydro FABKLEKS is another middle level team managed by Robin Nelson. The FABKLEKs part of their name comes from combining all the first letters of the team members first names and adding an S. They are doing the engineering challenge. This challenge requires building a bridge that can withstand a certain weight load, the bridge must be assembled as part of the challenge and then tested, so the team won't know for sure if it will work right until the day of the contest. They can build practice bridges and test them in practices.

L-R: Ava Landis, Dalton Blazier, Adel Zrout, Carlie Simplot & Ava Flodeen Schroeder. Missing from photo Lily Beal and Tyler Schwender

The Global Puppy Nuggets is an elementary level team managed by Agnes and Tony Jackson. They are doing the scientific challenge.

Front, L-R: Charlie Wohlfert & Lucien Hill, Back L-R: Dellah Hall, Sophie Valley, Abigail Moriva & Amaya Boers-Augustine

Wild Wisco Savage Dragons is an elementary team managed by Lori Boers; they are doing the fine arts challenge.

Basketball Senior Nights

L-R: Alexis Kloften, Malerie Saglie & Taylor Burrell

L-R: Nevin Crane, Maverick Kundert, Calvin Barlass & Zach Unseth

The girls' basketball team honored their seniors before the start of the game on February 6. The underclassmen each read a tribute to one of the seniors before the starting lineups were announced. Seniors are Taylor Burrell, Alexis Kloften and Malerie Saglie.

The boys' basketball team honored their seniors before the start of the game on February 13. One underclassman read a tribute to each one of the seniors before the starting lineup was announced. Seniors are Calvin Barlass, Nevin Crane, Maverick Kundert and Zach Unseth.

Wrestling Regionals

Parkview had seven wrestler qualify for Sectionals at the Regional meet on February 15 at Parkview. Four of the wrestlers won the championship in their weight class, Korben Brown, Wyatt Egan, Luke Schwengels and Evan Suer. Second place finishers Gage Everson, Travis Pulaski and Daniel Sickels also qualified for Sectionals. The rest of the team, Cameron Duncan, Matthew Mendes, Ian Suer and Lucas Vonderhaar all placed third.

As a team Parkview finished second behind Kenosha Christian Life. Third was Deerfield followed by Kenosha St. Joseph, fifth was Cambridge and Palmyra-Eagle was sixth.

Great Season Vikings Sports Teams!

Students in grades 9 & 10 will be taking the **ACT[®] Aspire[®]** on April 21st & 22nd.

It is very important that all 9th & 10th grade students be at school on this date. Please avoid making any doctor and/or dentist appointments, driving appointments or vacation plans on these dates in order to ensure that students are on time and present for the whole day of school.

Students in grades 7 & 8 will be taking the majority of the **WISCONSIN FORWARD EXAM** on April 21st & 22nd.

It is very important that all 7th & 8th grade students be at school on this date. Please avoid making any doctor and/or dentist appointments, driving appointments or vacation plans on these dates in order to ensure that students are on time and present for the whole day of school.

Yoga at Parkview

PES teacher Rachel Miller leads a yoga class for any Parkview staff member who wants to attend every Wednesday afternoon from 3:30 – 4:30 p.m. The group has yoga mats, straps and blocks available for their use because of a grant given by Carol Aulabaugh's Excellence in Education grants. Miller, who is a yoga instructor as well as a teacher at PES offered to teach a class for Parkview staff one night a week. She and Lisa Fahlgren talked about it and decided it would be easier to offer this to the staff if they didn't have to bring their own mats to school for each class. Fahlgren wrote the grant and when they were awarded it in November, they were able to purchase 30 mats, 20 blocks and 20 straps so there is enough equipment for anyone who wants to join the class. The yoga class is part of Parkview's commitment to "Healthy, Happy & Engaged" staff. Miller has also offered yoga instructions to the varsity wrestling team at a few of their practices. The District is grateful to Carol Aulabaugh's generosity.

March Madness for Books

PES is starting a school wide reading challenge - March Madness for Books. Brackets for both picture books (pre-K - 6) and chapter books (3-6) are hanging in the cafeteria. The goal is for students and staff to read the books in the "Sweet 16" brackets. Beginning during the week of March 9, readers will vote to have their favorite books advance to the "Elite 8." Voting will continue each week and the "winner" will be announced before spring break. All voters will be entered to win prizes for each round!

Escape the Digital Zombie

Submitted by Hayley Wilson

Tips and techniques to combat digital and screen addictions.

Set real limits on usage

Have "digital free" days or weekends planned ahead

Be honest about your or your student's usage

Find a support partner who can check on you or your student

Turn off notifications in settings

Limit the number of apps on the device

Ask for help if you think you cannot control it

Encourage the use of an alarm clock instead of the phone

Choose places and rooms in the house that are "internet free"

Keep a time log of usage

Make a list of activities that must be completed before digital time

Throw a "No Technology Allowed" party

Create a challenge to see how long your family or friends can go without technology and have a prize for the winner

Go on a weekend trip without technology

Give up one app that has notifications

Try a new hobby that will take up a lot of time.

Video Game Addiction Questionnaire

- Survey developed by Dr. Paul Gentile

Over time, have you been spending much more time thinking about playing video games, learning about video-game playing, or planning the next opportunity to play?

Answer the following questions with "Yes", "Sometimes", or "No".

Do you need to spend more and more time and/or money on video games in order to feel the same amount of excitement?

Have you tried to play video games less often or for shorter periods of time, but are unsuccessful?

Do you become restless or irritable when attempting to cut down or stop playing video games?

Have you played video games as a way of escaping from problems or bad feelings?

Have you ever lied to family or friends about how much time you play video games?

Have you ever stolen a video game from a store or a friend, or have you ever stolen money to buy a video game?

Destination Imagination (Continued from page 6)

L-R: Briana Bennet, Killian Hill, Braylon Victor, Oliver Wisely & Owen Steinke

The Dragon Trainers is a rising stars team coached by Nicole Victor. This is the first level of Destination Imagination (DI) that offers simple experiences with the creative process that gives young kids (preschool through 2nd grade) a place to work together and make friends. They do not advance beyond the regionals as it's just a way to get started in DI and learn how it works

Wrestling Update

We were at Mt. Horeb on Thursday, the 6th, to dual them and Verona. On Saturday, we were in Horicon for the Trailways Conference tournament. Also, sandwiched in between the two tournaments, on Friday, was the induction of Leon Klusmeyer to the Parkview Hall of Fame.

With missing two tournaments this year due to the weather, we were able to pick up a team dual tournament with Mt Horeb and Verona: both D1 schools. With being the furthest team traveling, we would get the first two duals. Up first was Verona. 170 was drawn for the starting weight. With Wyatt Egan dropping down to wrestle 160, we had to forfeit the weight. That put 182 pounder Luke Schwengels on the mat first. He tied the team score up with a quick pin. TJ Pulaski received a forfeit which put us in the lead 12-6. We would double forfeit 220 moving Gage Everson up to 285 to wrestle. He added to the team lead 18-6 with a first period pin. Next to wrestle was Evan Suer at 106. He worked through the first period getting a quick take down to a pin in the second period to build on the lead 24-6. Ian Suer, at 113, and Camron Duncan, at 120, both received forfeits which put us up at 36-6. At 126, Paul Keintz stepped in and wrestled hard but was not able to get the win. Team score was 36-12. Lucas Vonderhaar bumped up to 132 and made quick work of his opponent getting a first period pin making it a 42-12 lead. We would have to give them 138 making it a 42-18 score. Tom Kuffner, at 145, was going to be in for a battle wrestling the coach's kid. He made a great double leg shot but was unable to get the kid down and had a great match but came up short, the team score now was 41-24 with two matches left. At 152, Korben Brown added to his win by pin column and got a first period pin and moved within two pins of the junior pin record of 20. He extended the team lead to 48-24. Now at 160, Wyatt Egan was pumped to be wrestling down a weight, having to give up pounds as he was moving. He didn't waste any time and was able to get a first period pin which gave us a final team score of 54-24. Next up was the host school. Starting weight was at 182 and they forfeited both 182 and 195. Luke and TJ both received a forfeit. We were up 12-0. Gage was the first to wrestle and he had a rough start and was not able to get the win giving Mt Horeb 6 points. We still led 12-6. Evan, at 106, was hoping to get some redemption from a loss early in the year at Blackhawk invite but was not able to pull off the victory leaving us tied at 12-12. At 113, Ian was ready to wrestle after having a forfeit in the earlier match. He had to work from behind and never stopped moving and got a five point move at the end of the match to get a one-point victory and gave us a 15-12 team advantage. At 120, Camron was also ready to wrestle. He made real short work of his guy and got a first period pin adding to our lead 21-12. Paul came out on fire and was pushing the pace but after an illegal slam he wanted to continue and just about had a pin but with his back hurting we had to stop the match giving up the six points which made the score 21-18. Lucas would receive a forfeit at 132 making it a 27-18 lead. Again, we had to give them 138 making it a 27-24 team score. Tom was up next at 145 and he fought hard again with his double leg shots and working his pinning moves but was not able to get the win. We were now down 27-30 with three matches to go and we were giving them 170 so we needed to get pins from both guys to guarantee us a team win. At 152, Korben was in for a fight. With both guys trying to throw the other, Korben was able to get the best of him in the second period moving him to one pin away from the record. We were now up 32-30. Wyatt knew he needed to get a tech fall or pin to ensure a team victory and he did not waste any time and got a first period pin and got us the 38-36 team win. It was great wrestling from everyone especially against the bigger schools.

On Friday, the high school had the induction of Leon Klusmeyer to the Hall of Fame and we had several of our current wrestlers and coaches there to support one of our own. It is always an honor to talk to the Alumni wrestlers and coaches. Congratulations Leon! Well deserved.

On Saturday we headed north to Horicon to compete in the Trailways Conference Tournament. As a team, we finished in third place behind Markesan and Horicon. We got four into the finals. Two in the 3rd place match and two that were in the 5th place match.

With running a double elimination 16-man brackets and only having 13 teams we would have a lot of first round byes, and we did 10 out of the 11 wrestlers had the first round bye. That left Tom Kuffner the only one to wrestle. He matched up against the Hustisford kid and he came out strong with one of the best double leg shots I saw him do but lost control on the mat and was not able to get the win. So heading into the Quarterfinal matches we had everyone else hitting the mat. Pulling off some impressive matches were Evan Suer (106), Camron Duncan (113), Korben Brown, at 152, tied his brother with the junior pin record at 20, Wyatt Egan, at 160, got a bye, Luke Schwengels, at 182, Ian Suer, at 120, Paul Keintz, at 126, Lucas Vonderhaar, at 132, TJ Pulaski 195 and Gage Everson 220 wrestled hard but were unable to get the win. With Five heading into the Semifinals we were one win away from making it to the championship match and six on the consolation side meaning one more loss before the cons. semis would put you out of the tournament. On the championship side, Evan got the pin over the Princeton wrestler and Luke got the pin over the Horicon wrestler which moved them into the championship match. Korben was aggressive and looking to get a pin to take the record outright but a shoulder injury got him the win by injury default and moved him on for the second year in a row. Wyatt (who dropped down to 160) finally got a chance to get on the mat against the Princeton kid. He had to work back and was able to get the match tied up and they went into overtime. Knowing he was tired; Wyatt was able to hit a double to get the (sudden victory) and move on to the championship. Camron was matched up against the 1 seed and was able to get some shots in and scored but wasn't able to get the win. With the guys on the consolation side, they knew they had to win. Ian came out and got a first period pin to stay alive. Paul and Tom pushed it hard but didn't get the win and were knocked out of the tourney. Lucas received a bye to stay in. TJ and Gage both came out and got pins in less than 30 seconds to move on. That left four guys in the finals: Evan, Korben, Wyatt and Luke. With a win in consolation semis would put the remaining five in the 3rd place match and a chance to medal. A loss would put them in the 5th place match. Camron who was fired up after the loss to make it to the finals came out and got a second period pin and moved on to the third-place match. Gage stayed alive and was able to advance to the 3rd place match with a 1st period pin. Ian, Lucas and TJ had tough matches and lost placing them in the 5th place match. With just having two mats, we went straight into the 5th place matches. Having Ian, Lucas and TJ wrestling right away. Lucas and TJ stayed hot and were able to get first period pins and place 5th. Ian had to wrestle against Johnson Creek who he faced in the first round. He was aggressive by pushing the pace but didn't win. He finished in 6th place. The first and third place matches were wrestled at the same time. Evan matched up against the Pardeeville Co-op kid. He was able to be aggressive but fell short with a loss by decision and finished in 2nd place. Camron was up next wrestling for third place against a wrestler that beat him earlier in the season. He made short work of the Horicon wrestler with a first period pin and placed 3rd. Korben was in the finals for the second year in a row. He was matched up against the Markesan wrestler and made short work of the match. He got a 1st period pin and took the junior pin record away from his brother (now coach Byron) who stated after the match that he was glad he took the pin record with a cradle (a sick cradle). With the win, it gave him 28 team points which moved him into first place with the junior record also. Back to back conference champion at the same weight. Wyatt was next up to try to get his name on the board. Matching up against the Dodgeland wrestler. With dropping down to 160 earlier in the week, he was ready for the match up. He was very impressive in the match but didn't get the win and finished with a silver medal. Luke was looking to get revenge against the Dodgeland wrestler who he wrestled a week earlier in the final conference dual meet. He had him on his back but was not able to get the call from the official and came up short and finished the day in 2nd place. The final match for us was Gage who had a rematch against the Oakfield wrestler that beat him earlier in the day. He was able to keep it close but lost by decision in the final seconds and placed 4th on the day.

I was impressed with the wrestling from the guys all day. Finishing 3rd as a team with the missing weight classes was a great step for our wrestling family. Heard a lot of good things about the guys and how good they all looked and how well they all were wrestling all day. We had great support from the Parents and fans all year long and we will need everyone out this Saturday to keep the momentum going for the guys to help them make the first step towards the state tournament. We hosted regionals Saturday, February 15.

Our final dual standing

Conference 5-1

Overall 11-1

Individual records as of February 10, 2020

106 Evan Suer 25-6

113 Camron Duncan 24-10

Tips for Keeping Home Lunch Warm

Keeping food warm that you have heated up in the morning and packed in a lunch can pose some challenges. Using a thermos is necessary for keeping a packed lunch warm, but it helps to know the proper way to use one. There are also some tricks you can use to keep warm items and cold items in the same lunch bag.

First fill the thermos with boiling water to heat the inside of the container.

Heat your food to 212 degrees before placing in the thermos. This will ensure the food warm enough to eat at lunch time.

Use an insulated lunch bag.

Wrap the thermos with a paper towel or napkin. This will offer an extra layer if you have cold items in the lunch bag as well.

Use a divider to separate hot and cold food items. If your lunch bag did not come with one, you can use a piece of cardboard

March 2-6, 2020 is National School Breakfast Week!

Help us celebrate and participate in the school breakfast program.

Those who participate in breakfast this week will be entered in a drawing for prizes

Did you know if you qualify for free or reduced lunch, you automatically qualify for breakfast!

Overnight Oats

Ingredients

- 1/3 to 1/2 cup liquid such as dairy milk, almond, cashew or coconut milk
 - 1/3 to 1/2 cup old-fashioned rolled oats
 - 1/3 to 1/2 cup yogurt, optional
 - 1 teaspoon chia seeds, optional but highly recommended
 - 1/2 banana, mashed, optional
- Serving suggestions: fruit (fresh or dried), nuts, nut butter, seeds, protein powder, granola, coconut, spices, citrus zest and vanilla extract

Directions

Add the desired amounts of milk, oats, yogurt, chia seeds and banana to a jar or container and give them a good stir. Refrigerate overnight or for at least 5 hours.

In the morning, add additional liquid if you'd like. Once you achieve the desired consistency, top with fruit, nuts, nut butter, seeds, protein powder, granola, coconut, spices, zest or vanilla extract.
