

DEVELOPMENT OF ADMINISTRATIVE RULES

The Board of Education delegates to the District Administrator the function of designing and implementing the guidelines, required actions, and detailed arrangements under which the District will operate. These administrative guidelines must be consistent with the policies adopted by the Board.

The Board itself will formulate and adopt administrative guidelines and rules only when required by law, and when the District Administrator recommends Board adoption.

The District Administrator may also issue such administrative, employee and student handbooks as s/he may consider necessary for the effective administration of the schools and distribute them to employees and students and/or their parents.

As long as the provisions of these administrative guidelines and handbooks are consistent with Board policies, or with Federal/State law, they will be considered to be an extension of the policy manual and binding upon all employees and students.

A copy of the District's administrative guidelines manual and a copy of each handbook shall be made available on the District's website.
