

PARKVIEW SCHOOL DISTRICT  
ELEMENTARY  
SUMMER SCHOOL  
COURSE DESCRIPTION  
HANDBOOK

Summer School Dates:  
June 10th - July 3rd, 2025  
8:00-12:00

## Enrichment & Jumpstart Courses

*Summer School Principal:*  
**Mr. Todd Greco 879-2994 EXT 5114**

## **SUMMER SCHOOL GENERAL INFORMATION**

Dates: June 10th - July 3rd, 2025

Hours: 8:00am - 12:00pm

Location: 106 W. Church St., Orfordville WI 53576

Telephone: 608-879-2956

### **Schedule:**

#### ***Daily Schedule***

Session I 8:00-8:50

Session II 8:55-9:45

**Breakfast 9:45-10:15**

Session III 10:15-11:05

Session IV 11:10-12:00

### **Participation:**

The summer school program is open to any child who is entering kindergarten through sixth grade and resides within the boundaries of the Parkview School District. **Grade levels are determined based on the 2025-2026 school year.**

\*Any student who resides outside the district and desires to participate should contact Mr. Greco at 879-2994.

### **Registration:**

Registration will be done online. You can find the Google Registration Form on the PSD website. Material fees can be **mailed to Parkview Elementary School, or dropped off in person at the Parkview Elementary office.** Classes will be filled on a first come, first serve basis. All students that will be in grades 1, 2, 3, or 4 during the 2025-2026 school year are required to register for one section of Literacy Camp.

### **Material Fee:**

There may be a fee assessed for some enrichment classes to cover the cost of materials. **Please pay special attention to the Summer School Handbook and the enrichment class you are registering for to see if a material fee is assessed. (ENRICHMENT CLASS FEES MUST BE PAID promptly after registration)**

### **Attendance:**

Students are expected to attend summer school regularly. If a child will be absent from summer school, please notify the office by calling 608-879-2956. Parents are expected to monitor their child(ren) for health symptoms and ensure their child(ren) are healthy before sending them to school. Keep students home that are ill or have been recently exposed to COVID-19.

### **Attire:**

Students may wear casual dress that is neat and clean during summer school. However, students must still dress appropriately for school. Beach attire is not acceptable. Students must wear shoes at all times. Tennis shoes are required if students are enrolled in sports or outdoor type classes.

**Conduct:** Appropriate conduct is expected of all students. Regular school year rules and consequences are followed during the summer school program.

**Meals:** Parkview Food Service Department will be offering meals to students during 2025 Summer School. Meals will not be free and will be charged based on the students status of receiving Regular, Free, or Reduced price meals. If you have not filled out a Free & Reduced Meal Application it would be beneficial to do so. Questions may be directed to Renee Hanson, Food Service Director: [rhansen@email.parkview.k12.wi.us](mailto:rhansen@email.parkview.k12.wi.us) or 608-879-2994 Ext. 6123.

**Transportation:** Parents/guardians/caregivers are required to transport children to/from school.

### **Scholastic LitCamp**

**\*This is a required class for all students entering grades 1-4**

#### **Scholastic LitCamp**

(STUDENTS ENTERING GRADES 1-4) **60 MINUTES**

LitCamp is a summer literacy program designed for students in grades K-5. Through this course, students build social-emotional skills (belonging, curiosity, friendship, kindness, confidence, courage, and hope) by incorporating these concepts into reading and writing texts and lessons and combining them with an engaging summer camp approach. Through the integration of LitCamp, students are able to sustain their reading literacy over the summer, ultimately supporting the transition to a new school year in the fall. LitCamp's approach to reading positively influences students' reading behaviors, their attitude toward reading, and their social-emotional learning.

#### **Kindergarten Readiness**

Open to **ANY** child that is **age eligible (5 years of age by September 1<sup>st</sup>) to enter Kindergarten in the fall of 2025.**

- This is a great opportunity for your child to get acclimated to a longer day at school (4 hours) each day.
- Meet "new" friends that may be in their classrooms in September.
- For those who attended PES's 4K program it will be a nice "refresher" on school expectations and for our "NEW" friends a nice way to learn our routines and rules before the first day of school.
- During our time together we will work on art, singing, dancing, stories, have breakfast break together, play outside, and many other FUN activities each day including:

**Social skills** (getting along with others).

**Fine motor skills** (writing, cutting, & drawing)

**Pre-Reading and Math foundational skills**

**Enrichment Course Offerings June 10-July 03, 2025**

### **Best Day Ever!**

(Students entering 1-3)

Do you wish you had one more day playing your favorite PE activity? Join Ms. Best for a fun-filled summer school class where you will get another opportunity to enjoy the parachute, scooters, disco, bowling, Dance Dance Revolution, climbing wall, etc.

### **Team Sports**

(Students entering 4-6)

Team sport activities will be the focus of this course. Sports will include flag football, kickball, capture the flag, soccer, and even volleyball on rainy days.

### **For the Love of Wrestling**

(Students entering 1-6)

Ready to have some fun and learn about wrestling? Ms. Egan will introduce you to the world of folkstyle wrestling. Want to try out wrestling but not sure if you want to sign up? This class is for beginners. Experienced wrestlers may join to work on conditioning and leadership skills. Games, drills, takedowns, escapes, pins, hygiene, and nutrition will be covered. T-shirt, shorts and socks required. No zippers, buttons or hoods. Special guests! May enroll in more than one session.

### **Beginning Recorder Class**

(Students entering 3-6)

Learn to play the recorder! Students will have a great time learning to play this classic wind instrument. We will learn the first 3-5 basic notes and as many songs as possible that go along with it.

**Cost is \$5 for a recorder or you can bring your own!** Class limit: 15

### **Yoga and mindfulness**

(Students entering 1-3 & 4-6)

Want to get stronger, mentally and physically? Then yoga might be for you! This class is great for anyone who wants to work out and relax at the same time. Students will learn yoga moves, mindfulness, and stress management techniques everyday. Students will also participate in fun projects throughout the course. Mindfulness meditation is a great tool to use daily in and out of school! Yoga is the perfect way to get fit, have fun, and practice moving meditation!

### **Be Your Own Author**

(Students entering 4-6)

In this class we will dive into the different genres of writing, read stories from authors of this kind of writing, and practice writing in these genres. The final week or days of summer school would be the kiddos creating a mini book that is written based on one of the genres we have learned about! We will review different writing skills and conventions!

### **Technology Tailgate**

(Students entering 3-6)

Exploring technology is the "name of the game" in this class. Get ready to explore the world of coding, artificial intelligence and robotics! Class limit: 20

### **Mindfulness Magic**

(Students entering 1-6)

Mindfulness Magic- Students will practice noticing what their body is telling them, then discover their feelings, and finally choose a strategy that works for them in different situations. We will read stories, real and fiction, to help find connections to our own experience. Finally, interested students will become mindfulness ambassadors for the following school year, advocating for their own regulation as well as showing other students what works for them. By exploring how we can regulate ourselves by preparing for an event or environment that challenges us, as well as when we are suddenly confronted with a dysregulated situation, we can create a better academic and social environment. Class limit: 15

### **Makerspace 101**

(Students entering 3-6)

"Steminists" needed for creative learning! If you love exploring and making all sorts of cool items out of junk and other recyclables, then makerspace 101 is for you! we'll explore the world of "making" with 3d printers as well as other tools! **There is no cost for this class but students are asked to bring a bag of items from the recyclable list to fill our makerspace!** Class limit: 20

### **Junkyard Wars**

(Students entering 3-6)

What can you do with a broken appliance, some recycled materials and a broken toy? Find out when you join in the learning and competition of Junkyard Wars! **All participants must bring in ONE BROKEN APPLIANCE and ONE BROKEN TOY in order to participate in this class.** Class limit: 20

### **Beginning Ukulele**

(Students entering 4-6)

This course is for those who want to learn about and how to play the Ukulele. Students will learn at least 4 basic chords and how to accompany many familiar songs. Ukuleles will be provided to students.

### **Technology Stem**

(Students entering 1-6)

Join Ms. Egan to explore the world of Technology and make it fun! We will be using STEM materials daily. (Chromebooks, iPads, legos, makerspace items, Ozobots, Dash, etc.) Learn to create word searches and crosswords puzzles. Problem solving on a daily basis. Students will have the opportunity to work on existing projects.

### **Fun with Music**

(Students entering 1-3)

Join Miss Hammes for some fun ways to enjoy and make music. We will sing favorite songs and learn new favorites, too! There will be musical story time and games, as well as lots of different ways to play rhythm instruments. Class limit: 20

### **Bead Creations for Beginners**

(Students entering 1-6)

Get ready for a fun and creative summer class! In this beginner-friendly class, students will learn how to make simple jewelry and crafts using beads. You'll create custom bracelets, necklaces, and keychains, plus enjoy making fun projects with Perler beads. No experience needed—just bring your creativity and learn how to make awesome, personalized creations! Class limit: 20

### **Music Around the World**

(Students entering 4-6)

This course will introduce students to new music from different cultures & countries. Each week will feature a new musical tradition. Students will learn traditional songs, play instruments from various countries, and discuss how music exists in different cultures. Class limit: 20

### **Interactive Storytime Adventure**

(students entering 1-3)

**Do you love reading?** If so, this class is for you! Join us for an exciting adventure where we'll dive into picture books, engage in fun interactive discussions, and bring the stories to life with hands-on crafts and activities. Each week, we'll explore a new world of characters, settings, and themes that will get you thinking, creating, and having lots of fun! Whether we're acting out a story or making crafts, there's something for everyone in this storytime experience! Get ready to read, create, and let your imagination soar!

### **Crafty Creations**

(Students entering 4-6)

Bring your creativity to crafty creations! We will have fun with card making, painting, weaving, tie dye, and more! **Fee- \$5 (students will also need to bring their own t-shirt or pillow case to tie dye)**

### **Sunny Clay Creations!**

(Students entering 1-6)

Get ready for a fun and hands-on adventure this summer! In this exciting class, students in 1st through 6th grade will explore the world of clay by creating amazing summer-themed projects. From colorful bugs and adorable animals to vibrant flowers and projects inspired by nature, kids will let their creativity run wild as they mold, shape, and design their very own works of art.

Using a variety of clay techniques, students will learn how to craft textures, add details, and bring their ideas to life, all while celebrating the beauty of summer. Whether making a buzzing bee, or a blooming flower, every day will be an opportunity to express artistic talents and enjoy the warm, sunny season through the magic of clay. Perfect for kids who love to get their hands dirty and create unique masterpieces, this class is sure to be a highlight of their summer! Class limit: 15

### **Problem Solving 101**

(Students entering 3-6)

Looking for a challenge? Join us as we learn how to solve fun and challenging problems "the Destination Imagination Way!" Students will learn valuable problem-solving skills that can be applied to daily life, classwork, and team problem-solving like the kids who participate in Destination Imagination! Current team members and interested students alike can preview the 2024-2025 team challenges in advance and prepare for an exciting season of DI!

### **Games, Games, Games!**

(Students entering 3-6)

We play them all: board, card, active and logic. After exploring different games each child or group will create their own game!. Class limit: 20

### **Storytime and Crafts**

(Students entering 1-3)

Bring your love of reading books and crafts together with Storytime Crafts! In this class, we will read some children's book favorites and then create a craft based on the book! We will be crafting using paint, glitter, yarn, construction paper, and more **Fee- \$5**

### **Character Education: Strengths in Action**

(Students entering 1-3 and 4-6)

In this class, students will explore the power of their unique character strengths through fun activities, stories, and teamwork! Using the VIA Character Strengths framework, we'll discover how qualities like kindness, perseverance, creativity, and leadership help us grow as individuals and as part of a community. Each week, students will dive into different strengths through hands-on projects, games, and discussions. In the final week, they'll put their strengths into action by completing a meaningful service project that benefits their school or local community.

### **Masterpiece Makers**

(Students entering 1-3 and 4-6)

Join me for a hands-on, project-based summer class where art and storytelling come to life! In this engaging literacy and art experience, students will explore the history and creative styles of legendary artists like Pablo Picasso, Henri Matisse, Vincent van Gogh, and Georgia O'Keeffe, and students will be encouraged to create their own masterpieces inspired by the greats. Each week, we'll dive into a different artist's life and techniques, then apply what we've learned to create our own masterpieces inspired by their unique style. Whether you love to paint, draw, or simply explore new ways of expressing yourself, this class is the perfect place to bring art and imagination together!
