

CREATION OF INTERNET WEB PAGE

The purpose of the District's World Wide Web site is to provide a valuable learning environment for students and staff, administration and the community. Web page publication on the Internet shall promote the educational mission of the District and provide information about school curriculum, instruction, school-authorized activities and other general information of interest to the community.

All web pages published on the District's Web site shall comply with District rules and regulations regarding content and technical specifications, and shall be the property of the District.
