

PUBLIC COMPLAINTS

Parents or citizens with complaints about the District or its operations are urged to attempt to resolve the matter by discussing their complaint directly with the District employee most closely involved. Procedures for handling such complaints are found in Policy 870-Rule.

In the event that a complaint is made directly to the Board as a whole, or to an individual Board member, it shall be referred to the district administrator, who shall determine the appropriate procedure for consideration and resolution of the specific complaint. In the event the complaint involves the district administrator, it should be directed to the Board president.
