  - b. Plan for winter season: **John will contact each coach with the purpose of recruiting parents to open the stand on game nights. A set of clear expectations will be provided so parents know what would be expected of them. He will also meet with weekend tournament organizers as soon as the schedule is solidified.**
  - c. Freezer in high school stand continues to ice up: **Jeff indicated he would address this continuing problem by the start of the winter season.**
  - d. Evaluate our relationship with Pepsi: **John indicated that the lack of cooler space was a problem this fall in the football concession stand. After the winter season we will investigate our options for improved service.**
